Company/Organization Name

About Your Business / Organization

Please give us an introduction to your business/organisation, mentioning things such as business/organisation structure, key people, history, plans for the future, main competitors, opportunities, threats, and anything else you think might be relevant.

Products / Services And Target Customers

Please detail your main products and/or services, and give us some information about the customer or audience for each one.

Your Ideas For Your New Website or System

Please tell us what you have in mind for your new website.

Visual Design::

How should the site look? (Please provide examples of other websites that you like the look of, if possible).

Content

What content (text/images/video/etc) should the site contain, and how do you think it should be structured/organised?

Features/Functions

What 'interactive' functions (if any) would you like the site to offer? (Examples include contact forms, message boards, e-commerce, online booking, and so on).

Examples From Other Websites / Website Addresses
