

# Sentinel MLM Network Marketing

Start your own multilevel marketing network!

Sentinel MLM Network Marketing allows you to mount a network with the level and quality of existing multinational networks (TravelOne, Herbalife, Omnilife, Tiens, Amway, etc).

Sentinel MLM Network Marketing offers a suite of solutions based on innovative and revolutionary marketing networks and various types of multilevel compensation, affiliations to the system, management fees, and more in a single fully integrated application.

Sentinel MLM Network Marketing integrates the two most successful systems of compensation:

- Binary System of Compensation (eg TravelOne)
- System of Compensation for Multilevel Group or leadership (eg Herbalife)

The system of "binary compensation" is based on "business" that belong to people.

The business plans used to compensate fully configurable (eg, 50/50, 30/70, etc.)..

The system of "multilevel compensation" itself based on other people who sponsor and according to standard commission rates are declining sales of products and services.

Committees of the downline is not always used in a linear fashion, but many systems work under another form of compensation defining figures of leadership (leader, executive, diamond, etc..) Dependent growth of your organization.

There is in a software market that is simple but also powerful, fast, dynamic and fully customizable and configurable.

## Features

(We have selected the features that illustrate the vast capabilities of the Sentinel Network Marketing MLM pore does not exhaust all your options and configurations)
